

JAYNE'S CARMINATIVE BALSAM

It is a certain, safe, and effectual remedy for Dysentery, Diarrhoea, or Looseness, Cholera Morbus, SUMMER COMPLAINT, Cholera, Griping Pains, Sour Stomach, Sick and Nervous Headache, Heartburn, Waterbrash, Pain or Sickness of the Stomach, Vomiting, Spitting up of Food after Eating, and also where it passes through the body unchanged, Wind in the Stomach and Bowels, Hysterics, Cramp, Nervous Tremors and Twitchings, Sea Sickness, Faintings, Melancholy and Lowness of Spirits, fretting and crying of Infants, and for all BOWEL AFFECTIONS and NERVOUS DISEASES.

This is one of the most efficient, pleasant, and safe compositions ever offered to the public for the cure of the various derangements of the stomach and bowels, and the only article worthy of the least confidence for curing CHOLERA INFANTUM or SUMMER COMPLAINT; and in all the above diseases it really acts like a charm.

All persons are requested to try it, for without exception, it is one of the most valuable family medicines ever discovered. Hundreds, nay, thousands of certificates have been received from Physicians, Clergymen, and families of the first respectability, bearing the strongest testimony in its favor, too numerous to publish.

New York, May 20, 1837.

Dr. D. Jayne—Dear Sir—Having made use of your Carminative Balsam in my family, and finding it to be admirably adapted to the complaints for which it is intended, I take pleasure in recommending it to the use of my friends and the public generally, believing that those who are afflicted with any of these complaints will find relief in the use of this valuable medicine. JONA. GOING, D.D., President of Granville College, Ohio.

Woodstown, Salem co., N. J., May, 1837.

From a long acquaintance with Dr. Jayne's Carminative Balsam, I believe it to be a very happy combination, and a useful medicine in many complaints which almost constantly occur in our country, such as Bowel Affections of children, Cholera, Cramps, Looseness, Dyspeptic Disorders of the Stomach, Coughs, and Affections of the Breast, together with all those diseases attended with sourness of the Stomach; and believe that physicians will often find it a useful remedy in their hands, and one that is proper for domestic use, and can be put into the hands of persons at large with perfect safety. WM. BACON, M.D.

Baltimore, March 27, 1833.

Dr. Jayne—Dear Sir—You ask me what profits I meet with of the efficacy of your Carminative. I can safely say that I never prescribed a medicine for Bowel Complaints that has given me so much satisfaction, and my patients so speedy and perfect relief as this. Whenever introduced into a family, it becomes a standing remedy for those ailments, and is called for again and again, which I think a pretty good proof of its efficacy and usefulness. In the Summer Complaint of children it has frequently appeared to snatch the little victims, as it were, from the grave. "It saved the life of my child, and of such and such a child," I have repeatedly heard said. In dysenteric affections of adults, I have time and again seen it act like a charm, and give permanent relief in a few hours. I may say in a few minutes. In fine, it is a valuable medicine, and no family should be without it. Respectfully,

M. L. KNAPP, M.D.,

Late Physician to the Baltimore Dispensary, and Agent for the Maryland Vaccine Institution.

BRIDGEPORT, N. J., July 19, 1836.

This may certify that I have used Doctor Jayne's Carminative Balsam very extensively in Bowel Complaints, and have not the least hesitation in declaring it superior to any preparation that I have met with, for the relief of those diseases.

WILLIAM STELLING, M.D.,

Physician to the Cumberland N. J. Almshouse.

WORMS! WORMS!! WORMS!!!

Of all diseases to which children are exposed, none are so fatal to them as worms. Unfortunately, children are seldom free from them, and as they imitate the symptoms of almost every other complaint, they often produce alarming effects without being suspected. Worms are not only a cause of disease themselves, but by their irritation aggravate all other diseases, wandering from one part of the body to another, winding themselves into large balls, and obstructing the bowels, and frequently the throat, causing convulsions, and too often death. The best remedy ever yet known is

DR. JAYNE'S TONIC VERMIFUGE,

which is perfectly safe, and so pleasant that children will not refuse to take it. It effectually destroys WORMS; neutralizes acidity or sourness of the stomach, increases appetite, and acts as a general and permanent Tonic, and is, therefore, exceedingly beneficial in Intermittent and Remittent Fevers, Indigestion, &c., and is a certain and permanent cure for FEVER and AGUE.

It not only destroys Worms, and invigorates the whole system, but it dissolves and carries off the superabundant slime or mucous so prevalent in the stomach and bowels of children, more especially of those in bad health. This mucous forms the bed or nest in which worms produce their young; and by removing it—it is impossible for worms to remain in the body.

It is harmless in its effects on the system, and the health of the patient is always improved by its use, even when no Worms are discovered. Numerous certificates of its usefulness have been received, which the proprietor does not consider necessary to publish; yet to give the reader an idea of its vermifuge powers, he will mention a few cases. He gave it to his little nephew, not four years old, and in a few days he discharged upwards of ninety large worms. He also gave it to his daughter, then about three years old, when it brought away thirty worms in one night.

Joshua Thompson, near Salem, N. J., administered this Vermifuge to a child between two and three years old, and says that in a few days she discharged one hundred and twenty-seven large worms.

Mr. Joseph A. Lents, of the Penn Township Savings Institution, in this city, gave it to one of his children, and says that after the sixth dose it brought away about fifty Worms at once, five and six inches long.

Mr. Ferdinand Woodruff used two bottles of this Vermifuge for DYSPEPSIA, and in the course of two weeks discharged upwards of thirty pieces of TAPE WORM, and was thereby perfectly cured.

Another gentleman of this city had it administered to his little daughter, about three years old, when she had a number of discharges from her bowels, composed entirely of little white thread worms. He says, "they came away from her, not only by hundreds, but I may truly say, by thousands, separately and in solid balls as large as hickory nuts, composed entirely of dead worms."

DYOTT'S ANTI-BILIOUS PILLS

As a family medicine, a mild, gentle purgative, and purifier of the blood—the general use of these celebrated Pills throughout the United States for forty years past, and the strong recommendations they have acquired from all classes of our fellow citizens, places them in a much more elevated situation in public estimation, than any other remedy which has heretofore been introduced.

The following are among the many diseases for which Dr. Dyott's celebrated pills are so deservedly distinguished for curing. By their counteracting properties in removing the bile from the Stomach, they prevent and cure the bilious fever, chills or ague and fever; spring and fall fevers; yellow fever; bilious cholera pleurisy; dysentery; worms; bilious vomiting; sick and foul stomach.

By cleansing the bowels and stomach from all impurities, they restore the appetite; remove flatulency; cure the headache; habitual costiveness; colds; coughs; asthma; epiplectic fits; hypochondria; hysterical complaint; stranguary; gravel, &c.

By a general and copious use, they will be found very beneficial in curing the rheumatism and gout, lumbago or pains in the back. All impurities in the blood yield to their happy effects, whether proceeding from constitutional ailment, or from indiscreet intemperance.

These celebrated pills have been used to very great advantage in curing the dyspepsia, or indigestion, bronchitis, liver complaint, &c.

They are an infallible medicine for Female Complaints generally, and especially for removing those obstructions which are the source of their ailments at certain periods, they possess the eminent advantage over most other purgatives, that while they operate gently, they produce neither costiveness, debility, nor too great excitement.

Whenever there is a predisposition to receive disease from marsh effluvia, or from a too copious use of ardent spirits, or from a vitiated state of the bile, these pills will assuredly counteract it.

They are highly recommended to travellers by sea or land, and may be made use of without change of diet, and in situations where no exercise can be used. They will be found particularly valuable for preventing diseases incidental to hot climates, they deterge and cleanse viscous humors, open obstructions, and promote the secretion of good bile, operate as an easy cathartic, as a powerful diuretic, and as a diaphoretic.

Dr. Dyott, under the strong conviction of the power of his pills to relieve the afflicted, recommends the use of them to those who are in health as well as the afflicted, at least once a fortnight, during the Spring and Summer months, in which he feels assured those who attend to his advice will find the benefit they seek.

A bill of directions accompanies each box of Pills.

Take notice—each box is sealed with red wax, stamped with the Proprietor's coat of arms, and signed

T. W. DYOTT, M.D.

and

T. W. DYOTT, JR.

For sale at the Bookstore of R. FARNHAM, corner of 11th street and Penn. Avenue, and at the most respectable Drug Stores in the District, where, also, are for sale separately, all the sixteen Standard Preparations as contained in Dyott's Family Medicine Chest.

je18

SIDDALL'S INDIAN VERMIFUGE.

THIS valuable medicine is offered to the public with the confident assurance of its superior efficacy as a remedy for worms. It not only expels the worms, but prevents the return of them by removing the weak state of the digestive organs on which their production mainly depends. It also removes the superabundant mucus or slime which collects in the stomach of children in bad health, and which forms the bed or nest in which the worms produce their young. In doubtful cases, where there is a general derangement of system from want of due action in the liver and a debilitated or torpid condition of stomach and bowels, the INDIAN VERMIFUGE gives speedy relief by cleansing the stomach and bowels and stimulating the liver to healthy action—the appetite is speedily restored, and the pale and sunken countenance gives place to the plumpness of face, and the ruddy hue of health.

The following general agencies are established in Philadelphia, where the medicine may be had Wholesale and Retail:

Dyott's Fountain Head, Second above Race street, and

Vaughan, Third and Race street. Price 25 cents.

For sale at R. FARNHAM'S Bookstore, corner of 11th street and Penn. Avenue, and at the most respectable Drug Stores in the District.

ADDRESS TO THE PEOPLE OF THE UNITED STATES.

IN looking around upon mankind, the philanthropist cannot but find too much to lament. The various ills to which his race are subject, and which are daily and hourly hurrying thousands to the grave, and too, in the morning of life, when the hopes of parents and friends seemed budding into maturity, are sufficient to awaken the liveliest sympathies of those whose hearts are not callous to every sympathetic feeling. When by the haggard look, the hurried breathings and the hollow cough of those with whom he has been in the habit of holding sweet intercourse, perhaps of his own blood relations, he sees the spark of life dimly glimmering or just ready to go out, how does his longing desire increase that the mind of man, omnipotent almost as it is, could devise some means, by which, under Providence, the consequences of these ills might be stayed; his better nature becomes excited, and he is stimulated to his task in view of the mighty results which may flow from nostrums. Thus we see the market crowded with nostrums whose virtues, if the half of which were true, would cause death itself to die and man become immortal.

In presenting the Panacea of the DANDELION and TOMATO to the public, we would say that we do not claim for it, that it shall be a specific for all the diseases to which the human frame is subject, but for all for which it is recommended. It has for its recommendation the sanction of the experience of the most distinguished and enlightened physicians on the globe.

The proprietor deems it unnecessary to state the cost to which they have been at, or care which has been taken to select, in the first place, the best articles, and then devise the means by which their whole strength may be devoted to the public. They ask for it only that need of attention to which the sick and suffering in the community may deem it entitled. They are willing that its healing properties should be its only recommendation, and that the relief and health which is sure to come to the suffering and diseased after its use should proclaim its virtues; they intend, and have made, such arrangements that it shall have an extensive sale, and that they may receive a share of its healing benefits. The Panacea is composed, as all must be aware who know anything of the DANDELION, TOMATO, and SARSAPARILLA, its principal ingredients, from the most innocent, and as the most effectual plants in the vegetable kingdom. There is scarcely an individual who is not well acquainted with the efficacy of the DANDELION, TOMATO, and SARSAPARILLA, and who do not know that in those diseases in which a complete and radical change in the composition of the blood, in the secretions of the Liver, and in the formation of all the solid parts of the body are regarded, that there are no remedies which will for a moment compare with them; in fact, in all those regions in which liver diseases are prevalent, or where, from the nature of the climate, any impurities of the blood exist, the Dandelion grows in great quantities, and is eagerly sought after. It seems from the great abundance of the Dandelion in all the regions where such diseases or any that flow from them exist, that it was the design of the Creator that, where the malady was found, the remedy also might be obtained. They are therefore offered to the public with full confidence for the relief of those diseases for which the articles themselves are so often recommended by all our first physicians.

Such as Headache, Dizziness, Sleepiness, Noises in the head, bad taste in the mouth, dyspepsia, or sickness of the stomach, loss of appetite, indigestion, jaundice, costiveness, determination of the blood to the head, piles, coughs, colds, pain in the side, back, limbs, and joints, rheumatism, and all chronic diseases, scrofulous humors, salt rheum, and cutaneous eruptions of the skin, general debility, &c.

Druggists and others in different parts of the country desiring an agency, or quantities of the article to be sold by them on commission, can be supplied immediately by addressing, POST PAID, a line to the proprietors, Messrs. Ransom & Stevens, No. 325 Washington street. In a short time it will be advertised in the leading papers in the country.

Prepared and sold at wholesale and retail by the Proprietors, RANSOM & STEVENS, Amory Hall building, 325 Washington street, second door north of West street, Boston, Mass.

Also for sale by the duly appointed agents throughout the country:

T. W. DYOTT & SONS,

No. 143 North Second Street,

For sale at the book store of R. FARNHAM, corner of 11th st. and Penn. Avenue, and at the most respectable Drug Stores in the District.

DYSPEPSIA.—To soothe the sufferings of humanity, to ameliorate the pangs of disease, is the grand object of medical science. This is efficiently demonstrated in the healing virtues of DR. BENJAMIN BRANDRETH'S PILLS. The cures effected by this medicine would fill volumes.

Views on indigestion as a source of undefined and irregular Nervous Sensations.

"Ill, small at first, grow larger from delay. And slowly eat their sad and cankering way; Thus by successive throes, the frame is torn, Till health and peace of mind alike are gone."

The nerves of the human body—those necessary and mysterious agents which immediately connect man with external nature—are singularly prone to have their functions disordered by an oppressed condition of the stomach; the minute termination of that portion of the nerves expanded upon the organs of digestion conveying the morbid impression to the Brain. And although the Head can, undoubtedly, like other organs, be the seat of primary disorder, yet, in the great majority of cases, the uneasy sensations there experienced are symptomatic of disordered stomach; and, further, there is abundant evidence to prove that crudities in the stomach and bowels can, in every grade of human existence, give rise to spasmodic action in every organ of the body; and whether we survey it in the agonizing form of the Tic Dolorieux—the alarming convulsions of the Epileptic seizure—or in the irritable condition of the nerves of the heart occasioning nervous palpitation—they can all frequently be traced to the source above mentioned, and be cured by mild evacuant and tonic remedies. To relieve a state of so much suffering and distress (in which body and mind also participate) BRANDRETH'S PILLS are confidently recommended; as, by combining aromatic tonic and cleaning properties, they remove all oppressive accumulations, strengthen the stomach, induce a healthy appetite, and impart tranquility to the nervous system; and in fact, by their general purifying power upon the blood, exert a most beneficial influence in all cases of disease.—Read the following:

DYSPEPSIA CURED.

BENNINGTON, Vt. Dec. 5th, 1843.

Dear Sir:—I wish to add my testimony to the host of others that you have in favor of your valuable pills. In the year 1838, I was attacked with that disagreeable complaint the Dyspepsia, which so affected me that I could not take a particle of food, without the most unpleasant and uncomfortable sensations in my chest, head and bowels. My chest was so sore that I could not bear the slightest pressure without giving me pain. My health was most miserable; many physicians told me they thought I was in the consumption, and that if I did not give up my business, and change climate, I could live but a short time.

I tried every thing in the shape of medicine, and consulted the most skillful physicians, but found no permanent relief. I became discouraged, gloomy, sad, and sick of life; and, probably, ere this, should have been in my grave, had I not felt in this your precious medicine. A friend of mine, who had been sick of the same complaint, advised me to try your pills; but having tried most other medicines without obtaining any relief, but little faith that your pills would be of benefit to me; but, at his earnest solicitation, I procured a box and commenced taking them.

The first box produced little or no effect, and I began to despond, for fear that your medicine would prove like others I have taken; but my friends argued that one was not a fair trial, and I purchased a second, and before I had taken the whole box I began to experience a change! the pain in my chest began to be less painful, and my food did not distress me so much as formerly. I went on taking them until I had taken six boxes, and my Dyspepsia was gone, and my expectation of an early death vanished, and I felt like a "new creature." I was then, and am now a healthy man. I have never since been troubled with the Dyspepsia. I have administered your pills to the members of my family, and to my friends, and in all cases with good success. You can publish this if it will be of any use to you. I am, dear Sir, truly yours,

J. I. COOK,

Publisher of the State Banner.

WHITWELL'S JAUNDICE TEMPERANCE BITTERS.

OR PEOPLE'S BEST REMEDY.—For the cure of Jaundice, Fever and Ague, Debility, Worms, &c.

EVIDENCE OF THE GOOD QUALITIES OF THIS COMPOUND.—Dr. Hooper, in his Medical Dictionary, in allusion to a prominent ingredient in these Bitters, says—"It has been found very effectual in restoring digestion, expelling flatulency, and removing costiveness, so common in sedentary life."

Dr. Lettsom, the most scientific physician in Europe, says, on the same page, "In hysterical affections, it affords more vigor and relief than any other article before known."

Dr. Bigelow, in his sequel to the U. U. Pharmacopoeia, says, page 331, in allusion to the same article, "It is one of the most valuable of the Bitter Tonics. It has an invigorating effect on the stomach and bowels, and is peculiarly serviceable in dyspepsia."

These Bitters contain a large proportion of the Extracts of *Sarsaparilla* and *Tomato*, as any bitters in the United States, and rank immeasurably above all others in existence for creating an appetite, reviving the spirits, and strengthening the whole system.

HOMEOPATHIC PILLS, or a Medicine in the minutest doses, with the most beneficial results.—They are used for the same complaints as the Temperance Bitters, and should always be used together, the pills being a gentle cathartic, and the Bitters the best tonic, or strengthener, in existence. The Bitters are capital for cleansing the blood, are free from stimulus, and sold at the low price of 25 cents for a pint bottle, the Pills at 25 cents a box.

TO THE READER.—Whenever you want OPODELODOL, always buy Whitwell's, and no other, or you will be deceived and disappointed. It is infallible in Rheumatism, Sprains, &c.

WHITWELL'S AROMATIC SNUFF is also a capital article in Catarrh, Headache, &c. Price 25 cents a bottle.

For sale at the Bookstore of R. FARNHAM, corner of 11th street and Penn. Avenue, and at the most respectable Drug Stores in the District.

SANDS'S SARSAPARILLA.

FOR THE REMOVAL AND PERMANENT CURE OF ALL DISEASES ARISING FROM AN IMPURE STATE OF THE BLOOD, OR HABIT OF THE SYSTEM.

NAMELY:

Scrofula, or King's Evil, Rheumatism, Obsolete Cutaneous Eruptions, Pimples, or Pustules on the Face, Blotches, Bites, Chronic Sore Eyes, Ring Worm or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, Stubborn Ulcers, Syphilitic Symptoms, Scintilla, or Lumbago, and Diseases arising from an injudicious use of Mercury, Ascleites, or Dropsy, Exposure or imprudence in life. Also, Chronic Constitutional Disorders will be removed by this preparation.

TO promote the health of the body and increase the tranquility of the mind, are among the most important objects for which man lives, and for which the sages of antiquity labored with incessant and unremitting toil. The constitution of man was their study, in order to discover the seat of his maladies, and source of all his corporeal misery. To alleviate the drooping spirits, to inspire confidence to the desponding mind, and ease the sorrowed heart, all the arts and arguments of their philosophy and powers of reason were turned. Among the varied branches of worldly learning, there can be none equal in importance to that of the Healing Art, for the soul in a diseased body may be aptly compared to the martyr in his dungeon, which retains its real value, but has lost its usefulness. Many or most diseases have their origin in an impure or impoverished state of the blood, and this being a fluid sui generis, extending to the most minute ramifications of the system, the subtle poison is infused, and the seed being sown brings forth fruit in abundance; in one instance, causing a swelling of the glands, resulting in Scrofula or King's Evil—in another, ossification of the arteries, or turning them into bone; also, rheumatism, and disease of the heart, cutaneous eruptions, diseases of the liver, and a variety of other maladies, which soon hurry their victim to the grave. Sands's Sarsaparilla, a purely vegetable medicine, which is the result of years of labor and chemical research, in bringing it to its present state of perfection, will arrest, and, if timely administered, perfectly cure these diseases, by purifying the vital fluid, regenerating the constitution, dispelling diseased action, giving tone to the general energies of the system, and enabling the blood to course on freely, and bringing with it health and renewed vigor.

The following are extracts from letters recently received, and specimens of those coming to hand daily:

GALLATIN, Tenn., Feb. 27, 1844.

Messrs. A. B. & D. Sands—

Gentlemen: I have just received a letter from my father in Russellville, Ky., who wishes to purchase some of your Sarsaparilla. I have no doubt he can be the means of selling a great deal, as it has performed a wonderful cure in his family. Last December I was sent for to see my sister before she died, she having been in poor health for some two or three years, and at the time I went over to see her, she was at the point of death with the scarlet fever and a cancerous affection of the bowels, from which her physician thought she could not possibly recover. I carried over with me a bottle of your Sarsaparilla, and with the consent of her physician, she commenced taking it that night. I remained with her three days, and left her rapidly improving. Her husband sent a boy home with me for more of the Sarsaparilla. I sent one dozen bottles, which I believe will effect an entire cure. My father writes me to that effect, and wishes through me to procure an agency for selling your valuable medicine in that neighborhood. Respectfully, J. M. OWENS.

New York, Dec. 1, 1843.

Messrs. Sands—

Gentlemen: Parental feelings induce us to make the following statement of facts in relation to the important cure of our little daughter, wholly effected by the use of Sands's Sarsaparilla. For nearly three years she was afflicted with a most inveterate eruption on the body, which at times was so bad, connected with internal disease, that we despaired of her life. The complaint commenced in the roots of the hair, and gradually spread until the whole head was enveloped, and then it attacked the ears, and ran down the neck, and continuing to increase, until it covered the most of the body. It commenced with a small pimple or pustule, from which water at first discharged; this produced great itching and burning; then matter or pus formed, the skin cracked and bled, and the pus discharged freely. The sufferings of the child were so great as almost wholly to prevent natural rest, and the odor from the discharges so offensive, as to make it difficult to pay that particular attention to the nature of the case required. The disease was called Scald Head and general Salt Rheum. We tried various remedies, with little benefit, and considered her case almost beyond the reach of medicine; but from the known virtue of your Sarsaparilla, we were induced to give it a trial.

Before the first bottle was all used, we perceived an improvement in the appearance of the eruption; but the change was so rapid for the better, that we could scarcely give credence to the evidence of our own eyes. We continued its use for a few weeks, and the result is a perfect cure. To parents we would say—if you have children suffering with any disease of the skin, use Sands's Sarsaparilla. With feelings of gratitude and respect, we are yours, &c.

ELIHU & SARAH SOUTHWAY,

No. 95 Madison street.

ELIZABETHTOWN, N. J., Dec. 2, 1843.

Messrs. Sands—Gentlemen: It with heartfelt gratitude for your kindness to me that I make a public acknowledgment of the benefit I have received from your Sarsaparilla. I have been for many years afflicted with a cancer in the breast, and for four years it was, as I thought, incurable; it spread very fast, so that it had nearly covered the whole breast, and for many weeks I was so reduced with the loss of blood and the pain of the wound, that I was unable to turn myself in bed and my sufferings during the whole winter were more than I can tell. With the advice of my friends, I called two of the most eminent physicians of the place, who recommended your preparation of Sarsaparilla, knowing of nothing that would be as likely to help me; which advice I readily received, and before I had taken one bottle, I found a change in my feelings which induced me to take more, and when I had taken the third bottle, I was like another person both in health and strength. I have taken your preparation since last March, and although the wound is not entirely healed, it is in a very favorable state, and I believe it will be the means, ultimately, of my entire cure; and that the afflicted may all find the relief which it alone can give, is the wish of their and your friend,

EUNICE WOODRUFF.

For further particulars and conclusive evidence of its superior value and efficacy, see pamphlets, which may be obtained of agents gratis.

Prepared and sold wholesale and retail by A. B. & D. SANDS, Wholesale Druggists, 79 Fulton street, New York.

Agents in Washington city—ROBERT FARNHAM, Bookseller, Pennsylvania Avenue, corner 11th street; and R. S. PATTERSON, Druggist, corner of Pennsylvania Avenue and 9th street.

In Georgetown—O. M. LINTHICUM.

In Alexandria—WM. STABLER & CO.

In Baltimore—Dr. J. A. REED.

Sold, also, by Druggists, generally, throughout the United States. Price, \$1 per bottle—six bottles for \$5.

The public are respectfully requested to remember that it is Sands's Sarsaparilla that has and is constantly achieving such remarkable cures of the most
